Hopefully he won't get in. Someone would have to vouch for him.

No, he has not been added to the list, and I don't expect him to be. He would be dropping in uninvited.

Laura,

Beyond you, Lisa Huff, Trish Rider, and me, no one else from headquarters will be there. No indication that anyone from press will be there, and you have the security list; those are the people whom security will let in.

Lars and cc's -

Hi. Thanks for heads up on Hall and Associates attendance - Bill Hall. Any indication "Inside EPA" is going to be there given those not invited seem to be able to attend? Is OST going to have an OGC rep there or as you indicate you'll just cover it?

I am home sick today and likely tomorrow with bad case of respiratory cold/flu but should be in for Wed/Thursday meeting that's what I am planning for. Ginny is also out sick and definitely will not be at the meeting so it will be just me unless someone else comes too. Dave Hair is out on travel.

Laura and Ginny,

In addition to this, Chris Hornback let me know that Bill Hall from Hall and Associates, though not invited, is possibly going to show up and try to get in. I'll handle it, but I wanted to give you a heads up.
